### AGENCY DESCRIPTION

The New York City Department of Parks & Recreation manages 14 percent of the land in New York City with facilities ranging from playgrounds and large parks, to tranquil wooded areas and more than 14 miles of beaches. Parks serve as New Yorkers' backyards, as vital meeting areas for outdoor play and recreation – but also as an important tool in mitigating the effects of climate change, critical engines for economic growth and development.

NYC Parks' mission is to grow, maintain, and program a world-class park system prioritizing equity, access, safety, and nature.

Highlights of Parks' work over the last year include:

- Launching the Vital Parks for All plan, an initial investment of over \$3.2 billion across ten strategic initiatives to expand greenspace access, promote public safety, and engage New Yorkers in the stewardship of their local parks. Vital Parks for All delivers a plan to restore aging park facilities, bring new park resources where they are needed most, and empower New Yorkers with the data they need to advocate for their public greenspaces. This included the creation of the Vital Parks Explorer, a digital map that provides New Yorkers with data on park conditions to help them advocate for strategic investments and show how their parks compare to other communities across NYC.

- Joining Mayor Adams to launch “Let’s Swim NYC,” a more than \$1 billion capital investment in building, improving, and protecting New York City’s public pools over the course of five years. This funding marks the city’s highest investment in swimming infrastructure since the 1970s and includes two brand-new pools.

- Keeping New Yorkers healthy in the face of extreme heat by planting nearly 18,000 new trees, our highest tree planting total in the past six fiscal years — with a special focus on neighborhoods impacted by high heat vulnerability.

- Deploying additional “second shift” maintenance services to approximately 100 hot spots throughout the five boroughs, giving extra cleaning attention to the sites that most needed it. We also unveiled special trash receptacles designed specifically for pizza boxes, giving New Yorkers a place to dispose of their bulky boxes while limiting the food available to rodents.

- Helping visitors enjoy our greenspaces more comfortably by installing new baby changing tables in over 1,200 restrooms citywide, while also launching an ambitious initiative to build 46 new restrooms and renovate 36 existing restrooms throughout the five boroughs.

The work of our staff goes far beyond the maintenance of New York City’s nearly 30,000 acres and more than 2.5 million trees. Parks is the City’s leading programmer of cultural, athletic, and social activities, including nature walks, volunteer programs, sports clinics, historic house tours, and much more. In addition, Parks produces special events, concerts and movie premieres, and manages agreements with more than 300 businesses that operate on public parkland.

### UNIT DESCRIPTION

Fleet & Signs Operations oversees all aspects of Park’s vehicles and equipment, which include, but not limited to acquisitions, maintenance, repairs, fueling and sustainability of over 3,000 vehicles and the largest EV Fleet in NYC: operator compliance and telematics. In addition, we oversee small equipment fleet, repairs as well as the Sign Shop, which impacts nearly all the 30,000 acres NYC Parks manages.

### POSITION TITLE

Fleet Analyst Intern

### INTERNSHIP RESPONSIBILITIES

This is a unique opportunity to learn about and have an impact on the many diverse aspects of Fleet Management including EZ Pass, Sustainability, Fueling, Maintenance, Repairs and Small Equipment, plus how to utilize data to make improvements in efficiency and effectiveness.

- Collect and analyze data, produce reports and provide recommendations for improvements.
- Manage databases as needed; ensure the reliability of information entered in the Fleet Management System.
- Utilize data provided by supervisors and project managers to create and maintain spreadsheets and charts.
- Analyze EZ Pass charges utilizing databases and telematics.
- Create presentations using data and PowerPoint.

- Analyze renewable diesel, electric vehicles and other sustainability initiatives for Fleet.

### **QUALIFICATIONS/SPECIAL SKILLS/AREAS OF INTEREST**

- Experience and proficiency in Excel.
- Understanding of recording and maintaining data on both databases and spreadsheets.
- Basic clerical, administrative and customer service skills.
- Fleet and/or Compliance interest and experience a plus.

### **ADDITIONAL INFORMATION**

The Intern will be reporting to the Administration offices of Randall's Island Garage. We provide daily staff shuttle service between Randall's Island Garage and the 125th St. 4 train station.

### **APPLICATION PROCESS**
